Manager of the Sunrise Says Camp
Will Make Another Cripple Creek.

Manager A. Lochwitz of the Sunrise company might not remain in igmorance of the physical condition he mine and the financial strength he corporation, the Daly-West has issued a comprehensive statement, es of which were mailed yester. The recent decline in the price iliver and the resultant falling in market value of the company's resistant falling in market value of the company's resistant previous to the lar annual meeting time, and there of doubt that the thoughtfulness of directors will be appreciated. The retaining that the business of company for the current year has a very prosperous and explaining all fixed charges and dividends been more than earned; that the pany has no debts, aside from curexpenses, which are paid month and dealing with the physical connot of the mine, the statement goes to say:

1 order that you may understand what extent the fluctuation of the of silver affects the earnings of Daly-West Mining company, we state that our output of ore for eleven months ending Dec. 1, 1902, as follows:

1 bout 57,000 gross tons of ore and entrates, containing about 11,700 of lead, 422 tons of copper, 2,975,000 of lead, 422 tons of

bout 57,000 gross tons of ore and entrates, containing about 11,700 of lead, 422 tons of copper, 2,975,000 es of silver and 2,611 ounces of making an average of about 5,100 of ore and concentrates monthly, aging 20.5 per cent lead, 53.6 ounces liver, .45 ounces of gold and, 8 cent copper per ton net, or, aplimately, 271,000 ounces of silver month. The output for September, ber and November shows an inse of about 1,000 tons of ore per in with an average of about 350, ounces of silver per month for months.

otwithstanding the extraordinary nose, which were extremely large the past year (caused by liti-

cure a suitable suite of rooms, and within the next few days the permanent headquarters of the association will be announced. Up to yesterday noon it was said that over \$1.000 had been subscribed to get the business started, and that something over fifty operators in the camp had signed or were ready to sign the membership roll. The committee named to get out pamphiets setting forth the resources of the districts enumerated is also hard at weekley. ting forth the resources of the districts enumerated is also hard at work, and it will not be many days till the new 1,500 shares. organization will be right down to

NOT SO BAD AT ASPEN.

Frank M. Taylor Says Picture of Conditions Is Greatly Exaggerated.

was increased \$1,000,000, making tail number of shares 600,000 in- of 500,000, and \$6,000,000 instead 500,000, and \$6,000,000

with the Percy La Salle, is being operated in the progressing day and night in blendid Massachusetts operating, and during the winter it is prethat that avenue will have been into the known ore bodies at depth.

with the Percy La Salle, is being operated at a profit. These properties are now producing over 4,000 tons per month of crude ore and concentrates, while the aggregate output of the camp is about 9,000 tons. Ores are still bought from any one offering them, and there has been no change in either treatment or sampling charges.

a single passenger, the exodus, Mr. Taylor said, did not appear to be a very heavy one. He admitted that the ores of the camp were not as high grade as they used to be, and he fur-ther acknowledged that the low price f silver made quite a difference in he earnings of the properties being worked, and he was not prepared to y how much more of a drop the mines could stand before a suspension of op-erations would take place.

Mining Notes.

W. W. Armstrong, the Park City banker and broker, was in town yesterday. Manager James Chipman of the Unclesam spent Sunday underground at that roperty and returned well pleased with onditions.

Year by year the rancher has crept higher and higher up the mountains, just to the foothills, and later on in many cases to the very mountain tops, inding genial climate and a fertile soil that makes these elevations nearly as desirable for homes as are the

valleys.
The uplands on the Coast Range, especially on the western slope, cooled Eriduring the summer by the ocean breezes and bathed in its fogs, make 32 excellent grazing land, and there, as well as upon the high meadows of the Sierras, is found a typically good dairy country where "gilt-edged" butter can be made every day in the

In those localities, where the elevation does not exceed 4,000 feet, lies the real apple producing part of Cal-ifornia, the fruit exceeding in size and

world's markets.

Rapid as has been the tide of imM. & St. L...
Mo. Pacific
M. K & T... migration during the past ten years, there is yet productive land enough left to furnish homes for a million people, and in no place in the world can an industrious, thrifty man with a small capital to begin with find a better place in which to cast his lot. A variety of California literature at-ractively illustrated, describing its re-sources, famous resorts and numerous vonders; also maps and folders showwonders; also maps and tolders shoting routes, through trains and other valuable information, may be obtained st. Preferred st. Paul by addressing D. R. Gray, general agent Southern Pacific Co., 201 Main street.

A WOMAN'S GRATITUDE.

A Montana Woman Writes in Praise of Newbro's Herpicide.

of Newbro's Herpicide.

Butte, Aug. 26.—Newbro Drug Company, City: Dear Sirs—For several years i have been troubled with dandruff, causing me much annoyance, and my hair became very thin. I have used Newbro's Herpicide for a month and the dandruff has entirely disappeared and my hair is becoming much heavier than formerly. New hair is growing where there was none, and I am very thankful to you for the benefit i have received from Newbro's Herpicide. Very truly yours.

MRS. C. B. FOSTER.
